

Our Savior Lutheran Church

Lutheran Church Missouri Synod Congregations

# Madison, SD

The Lutheran Student Center at Our Savior Lutheran Church serves the campus of **Dakota State University in Madison**, and is located two blocks north of Heston Hall, the campus administration building. The Student Center is open daily when classes are in session, and is available for use by DSU students for private and group study and for meetings of various campus organizations. The facility includes a lounge area with fireplace and kitchen facilities. Hours are extended during mid-term and finals weeks each semester for the students' convenience.

The mission of Our Savior congregation at Dakota State is more than just providing a meeting place for students. **Pastor Warren Uecker**, who serves both campus and congregation, maintains office hours in the Trojan Center (the campus' Student Union) each week, and is available to the students any time either by phone or via e-mail. During the academic year we also hold regular Saturday-night gatherings at the Student Center. The "Light Rock Cafe" gatherings feature live contemporary Christian music, together with a coffee-house atmosphere complete with cappuccino and all the trimmings, and are offered without cost to the students. Of course, the congregation also welcomes all DSU students to their regular and special worship services, and invites the students to take an active part in the worship and work of our Savior.

**Worship:** Sundays 9:00 AM
